PROFESSIONAL SUMMARY

Motivated and detail-oriented aspiring Software Developer with a strong foundation in Computer Science and hands-on experience in full-stack web development. Skilled in MERN stack technologies with knowledge of Object-Oriented Programming, Data Structures, Algorithms, and Database Management Systems. Passionate about building responsive web applications and eager to contribute technical expertise while growing in a dynamic IT environment.

TECHNICAL SKILLS

- Languages: Java, C++, JavaScript
- Web Technologies: HTML, CSS, React.js, Node.js, Express.js
- Databases: MongoDB, MySQL
- Concepts: OOP, Data Structures, Algorithms, REST APIs, Authentication Systems, Responsive Web Design
- Tools: Git, GitHub, VS Code, Postman

PROJECTS

Doctor Appointment Booking System (MERN Stack)

- Developed a full-stack doctor appointment booking application using MongoDB, Express.js, React.js, and Node.js.
- Implemented secure authentication for patients and doctors.
- Integrated MongoDB Atlas for cloud database management.
- Used Cloudinary API for image and media storage.
- Designed a responsive and user-friendly interface for appointment scheduling.

Kanban Board System (ASP.NET & SQL Server)

- Created a task management system with drag-and-drop functionality.
- Implemented role-based access control and real-time task tracking.
- Optimized database performance and UI responsiveness.

EDUCATION

Master of Computer Applications (MCA)

IGNOU University | Result Awaited

Bachelor of Science in Computer Science

Kannur University | 2019 – 2022 | First Class – 79%

STRENGTHS

- Quick learner and adaptable
- Strong problem-solving skills
- Good communication and teamwork
- Time management and self-motivated
